Shelby

The Physicians of OrthoCarolina are experts in their field and each of our locations maximize this expertise by offering multiple sub-specialty services, access to additional services and a complete, comprehensive patient experience.

OrthoCarolina Shelby Physicians and PAs take care of Gardner Webb athletes and staff, and teach the Athletic Training Students as clinic faculty. All of our Doctors meet weekly on a rotating basis at Gardner Webb to evaluate athletes, and teach the Athletic Training Students in hands on, clinical sessions with varsity athletes of all sports. Lectures are taught by our doctors on evaluation and treatment of athletic injuries of the upper extremities, lower extremities, and back, to the [Athletic Training Students at the University](#).

We are proud to be the team physicians for:

chatham
UNIVERSITY
