

Scott Briant, PTA

Bio

I'm a Southern transplant. I grew up in Upstate NY and have lived in South Carolina for 22 years. I have a wonderful wife and two amazing children. I have been a PTA for 24 years. I'm capable of working on a multitude of orthopedic issues but I like to specialize in shoulders, knees, hips, and backs. I'm Part A McKenzie lumbar certified. I thoroughly enjoy my career and have been rewarded by the many patients and individuals that I have had to pleasure to know and work with. I enjoy sports (college football, Ice hockey, golf), traveling, hiking, spending quality time with my family, and participating in church functions/worshiping. I have three four-legged fur babies that bring me much joy and love to play and go for walks.
