

Colleen Burnham, PT, DPT

Bio

I have been employed at OrthoCarolina since 2023 treating orthopedic injuries, post-surgical patients and spine-related injuries and conditions. I am certified in dry needling through the American Academy of Manipulative Therapy. I am a very hands on therapist who incorporates exercise, manual therapy and patient education into treatments. In my spare time, I enjoy spending time with my husband and daughter. I play softball, tennis and enjoy cheering on my daughter in her travel softball tournaments. I am a huge New England Patriots football fan as well as cheering for the University of Kentucky Wildcats.

I have been a therapist for 23 years. I am originally from New Jersey and moved to NC in 2005.
