

Alexander W. Chasnis, MD

Bio

Dr. Chasnis is one of several board certified Orthocarolina physiatrists. He completed an interventional spine fellowship before joining Orthocarolina in 2004. Dr. Chasnis performs various guided injection procedures in the spine and peripheral joints under fluoroscopy (i.e. x-ray). Dr. Chasnis has served as an instructor for multiple didactic and hands-on cadaver injection courses training other physicians. His hobbies include spending time with family, working around the house, hitting the links, playing tennis, boating, and cheering for his Alma Mater's athletic teams from the University of Michigan.
