

Kevin Casey, PA-C, MPAS, AT-R

Bio

I truly enjoy seeing patients and helping them on the road to recovery. But in my spare time I enjoy coaching soccer and basketball. I have been coaching my sons and daughters in their recreational sports for over 10 years. I enjoy cooking (I make a mean zucchini lasagna and Whitefish Curry). I like to stay fit; I train and compete in various triathlon distance races including Half and Full Ironman events. I have as many dogs as kids (Three and three). And depending on the day one set behaves better than the other!
